

SECTION 3: FARM INFORMATION

Data gathered will not be publicly shared and will be aggregated with other surrounding data to assess conditions. APN-specific data allows the North Fork Kings GSA to accurately analyze groundwater use, so our landowners like you have access to a reliable groundwater supply in the years to come as we locally implement the California law, the Sustainable Groundwater Management Act (SGMA).

For each APN you own in the North Fork Kings GSA (provided on your paper survey), please fill in the APN number and answer the following questions for each APN:
