

Attachment A

Senate Bill No. 564 establishing the NFKGSA

Senate Bill No. 564

CHAPTER 392

An act to amend Section 10723 of the Water Code, and to create the North Fork Kings Groundwater Sustainability Agency, and prescribing its boundaries, organization, operation, management, financing, and other powers and duties, relating to water districts.

[Approved by Governor September 16, 2016. Filed with
Secretary of State September 16, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

SB 564, Cannella. North Fork Kings Groundwater Sustainability Agency Act.

Existing law, the Sustainable Groundwater Management Act, requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources that are designated as basins subject to critical conditions of overdraft to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans by January 31, 2020, and requires all other groundwater basins designated as high- or medium-priority basins to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans by January 31, 2022, except as specified. The act authorizes any local agency or combination of local agencies overlying a groundwater basin to decide to become a groundwater sustainability agency for that basin. The act deems certain agencies created by statute to manage groundwater the exclusive local agencies within their respective statutory boundaries with powers to comply with the act and authorizes these agencies to opt out of being the exclusive groundwater management agency.

This bill would create the North Fork Kings Groundwater Sustainability Agency, would establish the initial boundaries of the agency, and would authorize the agency's boundaries to be changed by the boards of supervisors of the Counties of Fresno and Kings after a noticed public hearing, as specified. The bill would require the agency to be a groundwater sustainability agency under the Sustainable Groundwater Management Act for that portion of the Kings Subbasin that lies within the boundaries of the agency and would require the agency to develop and implement a groundwater sustainability plan to achieve sustainable groundwater management within the territory of the agency. The bill would generally specify the powers and purposes of the agency. The bill would prescribe the composition of the 7-member board of directors of the agency and would require members and alternates to be chosen by certain member agencies, as specified. By imposing duties on the agency and the member agencies, the bill would impose a state-mandated local program. The bill would require

the agency to establish a rural community advisory committee to assist the board of directors in considering the interests of all beneficial uses and users of groundwater and would deem the agency the exclusive local agency with powers to comply with the Sustainable Groundwater Management Act.

This bill would incorporate additional changes to Section 10723 of the Water Code proposed by both this bill and SB 37 to become operative only if both bills are enacted and become effective before January 1, 2017, and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the North Fork Kings Groundwater Sustainability Agency.

North Fork Kings Groundwater Sustainability Agency

Article 1. Findings and Declarations

101. The Legislature hereby finds and declares that the preservation of the groundwater resources within the territory of the agency is in the public interest and that the creation of the agency pursuant to this act is for the common benefit.

102. The Legislature further finds and declares that the groundwater management activities of the agency benefit all operators of groundwater extraction facilities within the territory of the agency.

103. The Legislature further finds and declares that circumstances in the territory of the agency to be formed hereby, which may not exist in other locations, justify the formation of the agency and the grant of powers contained in this act. The territory of the agency to be formed hereby includes vast areas of the nation's top farm producing lands and places that have been designated by the State of California as disadvantaged communities disproportionately impacted by air quality and socioeconomic burdens. There are a number of scattered small public and private water entities in the territory of the agency that do not have the staff or resources to otherwise form a groundwater sustainability agency. These entities agree the territory is best served by a single dedicated agency to manage the groundwater resources.

Article 2. Creation and Purposes

201. (a) A groundwater management agency is hereby created in the Counties of Fresno and Kings to be known as the North Fork Kings Groundwater Sustainability Agency.

(b) The agency shall be governed by a board as specified in Section 501 and shall have the boundaries specified in Section 301. The agency shall only exercise the powers granted by this act and the Sustainable Groundwater Management Act (Part 2.74 (commencing with Section 10720) of Division 6 of the Water Code) for purposes of groundwater management within the boundaries of the agency, together with any other powers as are reasonably implied, necessary, and proper to carry out the objectives and purposes of the agency to implement the Sustainable Groundwater Management Act. The agency shall abide by the rules and regulations promulgated by the Department of Water Resources and the State Water Resources Control Board to implement the Sustainable Groundwater Management Act.

Article 3. Boundaries

301. For purposes of this act, the initial boundaries of the agency shall be as follows:

Beginning at the intersection of the southwestern boundary of Raisin City Water District (Raisin City WD) and Highway 145, the North Fork Kings Groundwater Sustainability Agency Boundary (Boundary) follows Highway 145 southwest to the southern boundary of Reclamation District 1606 (RD 1606). It then follows the southern boundaries of RD 1606 and James Irrigation District (James ID) to the intersection of the James ID boundary with the Kings Subbasin boundary. Then, it follows said subbasin boundary south and east to its intersection with the southwestern boundary of Consolidated Irrigation District (Consolidated ID). The Boundary then continues north and west following the southern Consolidated ID boundary and the southern and western Raisin City WD boundaries to the point of beginning.

302. (a) The initial boundaries of the agency may be changed upon a petition to the boards of supervisors of the Counties of Fresno and Kings after a noticed public hearing in the county in which the change is proposed. The boundaries shall be depicted on a map that shall be maintained by the boards of supervisors of those counties and thereafter recorded in the office of the county recorder of each county.

(b) The boundaries of the agency shall not be adjusted to include an area of the basin within the management area of another groundwater sustainability agency unless the agency has entered into a memorandum of agreement or other legal agreement with that groundwater sustainability agency that permits the area to be included.

(c) The boundaries of the agency shall not be adjusted to include any part of a proposed management area, as defined in a notice of intent

submitted pursuant to Section 10723.8 of the Water Code, unless the agency has entered into a memorandum of agreement or other legal agreement with all agencies listed in the notice of intent that permits the area to be included.

Article 4. Definitions

401. Unless otherwise indicated by their context, the definitions set forth in this article govern the interpretation of this act.

403. "Agency" means the North Fork Kings Groundwater Sustainability Agency established by this act.

404. "Aquifer" means a geologic formation or structure that transmits water in sufficient quantities to supply pumping wells or springs.

405. "Basin" has the same meaning as defined in Section 10721 of the Water Code.

406. "Board" means the board of directors of the agency, as more particularly described in Section 501.

407. "Coordination agreement" has the same meaning as defined in Section 10721 of the Water Code.

408. "County" means either the County of Fresno or the County of Kings, as the context requires. "Counties" means the County of Fresno and the County of Kings.

409. "Extraction" means the act of obtaining groundwater by pumping or other controlled means.

410. "Groundwater" has the same meaning as defined in Section 10721 of the Water Code.

411. "Groundwater management activities" means programs, measures, or actions taken to preserve, protect, and enhance groundwater resources within the territory of the agency.

412. "Kings Subbasin" means the San Joaquin Valley Groundwater Basin Kings Subbasin.

413. "Member" means any person or entity entitled to representation on the agency's board of directors as specified in Section 501.

414. "Operator" has the same meaning as defined in Section 10721 of the Water Code.

415. "Person" has the same meaning as defined in Section 10735 of the Water Code.

416. "Plan" means a groundwater sustainability plan prepared by the agency pursuant to this act.

417. "Supplemental water" means surface water or groundwater imported from outside the watershed or watersheds of the basin or aquifer and floodwaters that are conserved and saved within the watershed or watersheds that would otherwise have been lost or would not have reached the basin or aquifer.

Article 5. General Provisions

501. (a) The agency shall be governed by a board of directors that shall consist of seven members, as follows:

(1) One member shall be a resident or landowner within the territory of the agency chosen by the County of Fresno. The member shall have experience or expertise in land use, water management, or improving access to drinking water in economically disadvantaged communities.

(2) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Clark's Fork Reclamation District.
- (B) Laguna Irrigation District.
- (C) Upper San Jose Water Company.

(3) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of special districts that are authorized to provide drinking water within the territory of the agency, who shall be chosen from the members of the governing boards of the special districts, including, but not limited to, the following special districts:

- (A) Laton Community Services District.
- (B) Riverdale Public Utility District.
- (C) Lanare Community Services District.

(4) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Crescent Canal Company.
- (B) Stinson Canal and Irrigation Company.

(5) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Riverdale Irrigation Company.
- (B) Reed Ditch Company.

(6) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Liberty Mill Race Company.
- (B) Burrel Ditch Company.

(7) One member shall be chosen by the members of the governing boards of the following special districts, who shall be chosen from the members of the governing boards of the special districts:

- (A) Liberty Water District.
- (B) Liberty Canal Company.

(b) There shall be an alternate for each board member, chosen in the same manner and by the same entities as the board member. The alternate member shall act in place of the board member he or she is an alternate for in case of that board member's absence or inability to act.

(c) Initial members and their alternates shall be chosen on or before January 31, 2017.

502. The members shall serve for a four-year term of office. A member may serve for more than one term of office.

503. (a) The board may adopt an ordinance to provide compensation to members of the board in an amount not to exceed one hundred dollars (\$100) per day for each day's attendance at meetings of the board or for each day's service rendered as a member of the board by request of the board. For purposes of this section, the determination of whether a board member's activities on any specific day are compensable shall be made pursuant to Article 2.3 (commencing with Section 53232) of Chapter 2 of Part 1 of Division 2 of Title 5 of the Government Code.

(b) Reimbursement for expenses of members of the board is subject to Sections 53232.2 and 53232.3 of the Government Code.

(c) The board may adopt an ordinance to increase the compensation received by members of the board above the amount of one hundred dollars (\$100) per day. The increase shall not exceed an amount equal to 5 percent, for each calendar year following the operative date of the last adjustment, of the compensation that is received when the ordinance is adopted.

(d) A board member shall not be compensated for more than a total of 10 days in any calendar month.

504. (a) The board may adopt ordinances for the purpose of regulating, conserving, managing, and controlling the use and extraction of groundwater within the territory of the agency.

(b) An ordinance adopted by the board shall become effective 30 days from the date of its passage.

(c) All ordinances shall be adopted at noticed, public hearings by a majority vote of the board. No ordinance shall be adopted by the board except at a public hearing. Notice of the hearing shall be published in a newspaper of general circulation pursuant to Section 6066 of the Government Code.

(d) The board shall provide notice of the adoption of all ordinances.

505. No provision of this act shall be construed as denying to any member agency any rights or powers that they already have or that they may be granted.

506. The agency may contract with member entities for staff and other services. The agency may hire contractors and consultants as it considers appropriate.

507. The agency shall enter into a coordination agreement with other local agencies for purposes of coordinating the agency's plan with other agencies or groundwater sustainability plans within the Kings Subbasin as required by the Sustainable Groundwater Management Act (Part 2.74 (commencing with Section 10720) of Division 6 of the Water Code).

508. The agency may exclude from any of the requirements of this act, or the operation of any ordinance, any operator who annually extracts less than a minimum amount of groundwater as specified by an ordinance adopted by the board.

Article 6. Studies and Investigations

601. The agency may collect data and conduct technical and other investigations of all kinds in order to carry out the provisions of this act. All hydrological investigations and studies carried out by or on behalf of the agency shall be constructed by or under the supervision of licensed engineers or other persons qualified in groundwater geology or hydrology.

602. The agency may recommend and encourage water recycling, stormwater capture, and other water development projects, where those projects will enhance and contribute to the responsible management of groundwater resources, as part of its annual plan for implementation of groundwater management objectives.

Article 7. Sustainable Groundwater Management Powers

701. The agency shall develop and implement a groundwater sustainability plan pursuant to Chapter 6 (commencing with Section 10727) of Part 2.74 of Division 6 of the Water Code to achieve sustainable groundwater management within the territory of the agency.

702. The agency shall be a groundwater sustainability agency pursuant to Chapter 4 (commencing with Section 10723) of Part 2.74 of Division 6 of the Water Code for that portion of the Kings Subbasin that lies within the boundaries of the agency.

703. (a) (1) The agency may establish advisory committees that include persons representing interests of beneficial uses and users of groundwater for purposes of assisting the board in the development and operation of the groundwater sustainability agency and the development and implementation of the agency's groundwater sustainability plan.

(2) The agency shall develop rules for the operation of advisory committees. Members of the committees shall serve without compensation.

(b) (1) Pursuant to subdivision (a), the agency shall establish a rural community advisory committee for purposes of assisting the board to consider the interests of all beneficial uses and users of groundwater.

(2) The committee members shall serve at the pleasure of the board and shall include, but not be limited to, representatives of domestic well owners, municipal well operators, local land use planning agencies, residents served by a public water system that serves 200 or more connections, residents served by a small community water system, residents served by a public water system that serves fewer than 200 connections, and environmental justice organizations or community benefit organizations with demonstrated experience working with disadvantaged communities and with expertise in drinking water, groundwater, or land use.

704. The agency may exercise any of the powers described in Chapter 5 (commencing with Section 10725) of Part 2.74 of Division 6 of the Water Code and the enforcement powers described in Chapter 9 (commencing with Section 10732) of Part 2.74 of Division 6 of the Water Code.

705. The availability of supplemental water to any operator shall not subject that operator to regulations by the agency that are more restrictive than those imposed on other operators.

Article 8. Fee Authority

801. Pursuant to Chapter 8 (commencing with Section 10730) of Part 2.74 of Division 6 of the Water Code, the agency may impose fees, including, but not limited to, permit fees and fees on groundwater extraction or other regulated activity, to fund the costs of a groundwater sustainability program, that include, but are not limited to, the preparation, adoption, and amendment of a groundwater sustainability plan, investigations, inspections, compliance assistance, enforcement, and program administration, including a prudent reserve.

Article 9. Miscellaneous

901. In the event of any conflict between the North Fork Kings Groundwater Sustainability Agency Act and the provisions of the Sustainable Groundwater Management Act (Part 2.74 (commencing with Section 10720) of Division 6 of the Water Code), the provisions of the Sustainable Groundwater Management Act shall prevail.

SEC. 2. Section 10723 of the Water Code is amended to read:

10723. (a) Except as provided in subdivision (c), any local agency or combination of local agencies overlying a groundwater basin may decide to become a groundwater sustainability agency for that basin.

(b) Before deciding to become a groundwater sustainability agency, and after publication of notice pursuant to Section 6066 of the Government Code, the local agency or agencies shall hold a public hearing in the county or counties overlying the basin.

(c) (1) Except as provided in paragraph (2), the following agencies created by statute to manage groundwater shall be deemed the exclusive local agencies within their respective statutory boundaries with powers to comply with this part:

(A) Alameda County Flood Control and Water Conservation District, Zone 7.

(B) Alameda County Water District.

(C) Desert Water Agency.

(D) Fox Canyon Groundwater Management Agency.

(E) Honey Lake Valley Groundwater Management District.

(F) Long Valley Groundwater Management District.

(G) Mendocino City Community Services District.

(H) Mono County Tri-Valley Groundwater Management District.

(I) Monterey Peninsula Water Management District.

(J) North Fork Kings Groundwater Sustainability Agency.

(K) Ojai Groundwater Management Agency.

- (L) Orange County Water District.
- (M) Pajaro Valley Water Management Agency.
- (N) Santa Clara Valley Water District.
- (O) Sierra Valley Groundwater Management District.
- (P) Willow Creek Groundwater Management Agency.

(2) An agency identified in this subdivision may opt out of being the exclusive groundwater management agency within its statutory boundaries by sending a notice to the department, which shall be posted on the department's Internet Web site within 15 days of receipt. If an agency identified in paragraph (1) opts out of being the exclusive groundwater management agency, any other local agency or combination of local agencies operating within the statutory boundaries of the agency that has opted out may notify the department pursuant to Section 10723.8 of its decision to be the groundwater sustainability agency.

(3) A local agency listed in paragraph (1) may comply with this part by meeting the requirements of Section 10733.6 or opting to become a groundwater sustainability agency pursuant to this section. A local agency with authority to implement a basin-specific management plan pursuant to its principal act shall not exercise any authorities granted in this part in a manner inconsistent with any prohibitions or limitations in its principal act unless the governing board of the local agency makes a finding that the agency is unable to sustainably manage the basin without the prohibited authority.

(d) The decision of a local agency or combination of agencies to become a groundwater sustainability agency shall take effect as provided in Section 10723.8.

SEC. 2.5. Section 10723 of the Water Code is amended to read:

10723. (a) Except as provided in subdivision (c), any local agency or combination of local agencies overlying a groundwater basin may decide to become a groundwater sustainability agency for that basin.

(b) Before deciding to become a groundwater sustainability agency, and after publication of notice pursuant to Section 6066 of the Government Code, the local agency or agencies shall hold a public hearing in the county or counties overlying the basin.

(c) (1) Except as provided in paragraph (2), the following agencies created by statute to manage groundwater shall be deemed the exclusive local agencies within their respective statutory boundaries with powers to comply with this part:

(A) Alameda County Flood Control and Water Conservation District, Zone 7.

- (B) Alameda County Water District.
- (C) Desert Water Agency.
- (D) Fox Canyon Groundwater Management Agency.
- (E) Honey Lake Valley Groundwater Management District.
- (F) Kings River East Groundwater Sustainability Agency.
- (G) Long Valley Groundwater Management District.
- (H) Mendocino City Community Services District.

- (I) Mono County Tri-Valley Groundwater Management District.
- (J) Monterey Peninsula Water Management District.
- (K) North Fork Kings Groundwater Sustainability Agency.
- (L) Ojai Groundwater Management Agency.
- (M) Orange County Water District.
- (N) Pajaro Valley Water Management Agency.
- (O) Santa Clara Valley Water District.
- (P) Sierra Valley Groundwater Management District.
- (Q) Willow Creek Groundwater Management Agency.

(2) An agency identified in this subdivision may opt out of being the exclusive groundwater management agency within its statutory boundaries by sending a notice to the department, which shall be posted on the department's Internet Web site within 15 days of receipt. If an agency identified in paragraph (1) opts out of being the exclusive groundwater management agency, any other local agency or combination of local agencies operating within the statutory boundaries of the agency that has opted out may notify the department pursuant to Section 10723.8 of its decision to be the groundwater sustainability agency.

(3) A local agency listed in paragraph (1) may comply with this part by meeting the requirements of Section 10733.6 or opting to become a groundwater sustainability agency pursuant to this section. A local agency with authority to implement a basin-specific management plan pursuant to its principal act shall not exercise any authorities granted in this part in a manner inconsistent with any prohibitions or limitations in its principal act unless the governing board of the local agency makes a finding that the agency is unable to sustainably manage the basin without the prohibited authority.

(d) The decision of a local agency or combination of agencies to become a groundwater sustainability agency shall take effect as provided in Section 10723.8.

SEC. 3. Section 2.5 of this bill incorporates amendments to Section 10723 of the Water Code proposed by both this bill and Senate Bill 37. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2017, (2) each bill amends Section 10723 of the Water Code, and (3) this bill is enacted after Senate Bill 37, in which case Section 2 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Attachment B

Senate Bill No. 205 cleanup legislation (portion)

Senate Bill No. 205

CHAPTER 387

An act to amend Sections 1360, 16182, 16183, 16184, 16186.5, 16200, 16202, 25536.9, 27282, 30201, 53237.1, 54973, and 54974 of the Government Code, to amend Sections 21220 and 22050 of the Public Contract Code, to amend Sections 2505, 2514, 2515, 2781, 20503, 20505, 20585, 20586, 20621, 20627, 20630, 20640.3, 20641, 20645.5, and 20645.6 of the Revenue and Taxation Code, to amend Section 501 of the North Fork Kings Groundwater Sustainability Agency Act (Chapter 392 of the Statutes of 2016), to amend Section 34 of the Sacramento Area Flood Control Agency Act (Chapter 510 of the Statutes of 1990), and to amend Sections 1, 2, 3, 16, 17, and 28 of the Vallejo Sanitation and Flood Control District Act (Chapter 17 of the First Extraordinary Session of the Statutes of 1952), relating to local government.

[Approved by Governor September 30, 2017. Filed with
Secretary of State September 30, 2017.]

LEGISLATIVE COUNSEL'S DIGEST

SB 205, Committee on Governance and Finance. Local Government Omnibus Act of 2017.

(1) The California Constitution requires, among others, all public officers to take a specified oath of office. Existing statutory law requires any officer to take that oath before he or she enters the duties of his or her office.

This bill would require an officer to take that oath following any election or appointment and before entering the duties of his or her office.

(2) Existing law requires all sums paid by the Controller for the postponement of property taxes be secured by a lien in favor of the state. In the case of a lien on real property for this purpose, existing law requires, among other things, the recorder for the county in which the real property is subject to the lien to provide a copy of the notice of lien to the county tax collector.

This bill would instead require the Controller to provide a copy of the notice of lien to the county tax collector and would additionally require a copy of the notice of lien to be provided to the county assessor.

(3) Existing law establishes a formula for calculating the interest on a payment made by the Controller for postponed property taxes from the time a payment is made. Under existing law, for purposes of this provision, a payment is deemed to be made at the time an electronic funds transfer is made by the Controller to the tax collector or the delinquency date of the respective tax installment, whichever is later. Existing law, in the event of willful neglect, authorizes an electronic funds transfer for that current fiscal year to be used to pay delinquent taxes only if accompanied by sufficient

(14) Existing law, upon receipt of a “notice of lien for postponed property taxes” from the Controller, requires the tax collector or the assessor, whichever is applicable, to immediately enter on the assessment records applicable to the property the fact that the taxes on the property have been postponed and the Controller’s identification number and to notify the Controller of a subsequent change in ownership status, as provided.

This bill would instead require the assessor to maintain a record of the fact that the taxes on the property have been postponed and the Controller’s identification number and to notify the Controller as described above.

(15) Existing law requires, for purposes of the Gonsalves-Deukmejian-Petris Senior Citizens Property Tax Assistance Law, that all losses and nonexpenses be converted to zero for the purpose of determining whether the homeowner meets the property tax postponement requirement.

This bill would instead require that all losses and nonexpenses be converted to zero, as specified above, for the purposes of property tax postponement.

(16) Existing law requires that a claimant for property tax postponement, generally, be an individual who is a member of the household, is either an owner-occupant, tenant stockholder occupant, or possessory interestholder occupant of the residential dwelling as to which postponement is claimed, and is either 62 years of age or older, blind, or disabled. With respect to blind and disabled claimants, existing law requires that the claimant be blind or disabled, as specified, at the time of application or on December 10 of the fiscal year for which postponement is claimed, whichever is earlier.

This bill would instead require, for blind and disabled claimants, that the claimant be blind or disabled at the time of application or on February 10 of the fiscal year for which postponement is claimed.

(17) Existing law authorizes a claimant to file with the Controller a claim for postponement in a specified amount for the fiscal year for which the claim is made. Existing law requires the Controller, upon verification of specified eligibility requirements, to mail to the claimant a Notice of Election to Postpone, as specified. When the Controller approves the Notice of Election to Postpone, existing law requires the Controller to make payments directly to the county tax collector.

This bill would instead require the Controller to issue payment to the county tax collector or other appropriate payee, as determined by the Controller.

(18) This bill would make various technical changes related to the property tax postponement program, including updating statutory references to the Senior Citizens and Disabled Citizens Property Tax Postponement Fund and deleting obsolete references to certificates of eligibility and postponement for mobilehomes.

→ (19) Existing law establishes the North Fork Kings Groundwater Sustainability Agency and requires the agency to be governed by a 7-member board of directors. Existing law requires one member to be a resident or landowner within the territory of the agency chosen by the members of the

governing board of the Riverdale Irrigation Company and the Reed Ditch Company.

This bill would correct the name of the Riverdale Irrigation District and would make another technical change.

(20) The Sacramento Area Flood Control Agency Act defines the term “project” for purposes of the act to mean the acquisition, construction, maintenance, or operation of any flood control facility authorized under the agreement and not inconsistent with the act, including, but not limited to, acquisition of any rights-of-way and easements.

This bill would instead define the term to mean the acquisition, construction, maintenance, or operation of any flood control facility authorized under the agreement and not inconsistent with the act, including, but not limited to, acquisition of any interests in real property. The bill would make conforming changes.

(21) Existing law, the Vallejo Sanitation and Flood Control District Act, creates the Vallejo Sanitation and Flood Control District within the County of Solano for purposes relating to the collection and disposal of sewage and industrial waste and the control and disposition of storm and flood waters.

This bill would rename the act as the Vallejo Flood and Wastewater District Act and the district as the Vallejo Flood and Wastewater District. The bill would make other nonsubstantive changes within the act.

(22) By changing the duties of local officials with respect to the administration of the property tax postponement program, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

The people of the State of California do enact as follows:

SECTION 1. (a) This act shall be known, and may be cited, as the Local Government Omnibus Act of 2017.

(b) The Legislature finds and declares that Californians want their governments to be run efficiently and economically and that public officials should avoid waste and duplication whenever possible. The Legislature further finds and declares that it desires to control its own costs by reducing the number of separate measures. Therefore, it is the intent of the Legislature in enacting this act to combine several minor, noncontroversial statutory changes relating to the common theme, purpose, and subject of local government into a single measure.

SEC. 2. Section 1360 of the Government Code is amended to read:

SEC. 30. Section 20645.5 of the Revenue and Taxation Code is amended to read:

20645.5. (a) If a postponement claim under Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) is received by the Controller by February 10 for the fiscal year in which postponement is being claimed or by another date set by the Controller pursuant to Section 20622, then any delinquent penalties, costs, fees, and interest accrued for that fiscal year shall be canceled unless the failure to perfect the claim was due to willful neglect on the part of the claimant or representative.

(b) In the event of willful neglect, a payment from the Controller for that current fiscal year can be used to pay delinquent taxes only if accompanied by sufficient amounts to pay all of the delinquent penalties, costs, fees, and interest. If an amount sufficient to pay all of the delinquent penalties, costs, fees, and interest is not received by the tax collector within 30 days from the date of the payment from the Controller, the tax collector may return the payment to the Controller to deny the postponement claim.

(c) (1) The Controller shall notify the claimant in writing when the payment has been submitted to the tax collector.

(2) In the event of willful neglect, in addition to the information required pursuant to paragraph (1), the Controller shall also notify the claimant in writing and provide a copy of the notification to the tax collector that a payment amount sufficient to pay all of the delinquent penalties, costs, fees, and interest must be received by the tax collector within 30 days from the date of the payment from the Controller to the county and that if this payment is not received by the tax collector, the tax collector may return the payment to the Controller to deny the postponement claim.

SEC. 31. Section 20645.6 of the Revenue and Taxation Code is amended to read:

20645.6. (a) If the Controller denies a postponement claim under Chapter 2 (commencing with Section 20581), Chapter 3 (commencing with Section 20625), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640), and the denial is reversed after appeal pursuant to Section 20645.1, the Controller shall transfer funds to the county for the amount of the taxes. If the taxes for the fiscal year were previously paid, the county shall refund the overpayment to the taxpayer. If the taxes for the fiscal year are delinquent, any resulting penalties or interest shall be canceled.

(b) The Controller shall notify the claimant in writing when a payment has been made pursuant to subdivision (a).

→ SEC. 32. Section 501 of the North Fork Kings Groundwater Sustainability Agency Act (Chapter 392 of the Statutes of 2016) is amended to read:

Sec. 501. (a) The agency shall be governed by a board of directors that shall consist of seven members, as follows:

(1) One member shall be a resident or landowner within the territory of the agency chosen by the County of Fresno. The member shall have

experience or expertise in land use, water management, or improving access to drinking water in economically disadvantaged communities.

(2) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Clark's Fork Reclamation District.
- (B) Laguna Irrigation District.
- (C) Upper San Jose Water Company.

(3) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of special districts that are authorized to provide drinking water within the territory of the agency, who shall be chosen from the members of the governing boards of the special districts, including, but not limited to, the following special districts:

- (A) Laton Community Services District.
- (B) Riverdale Public Utility District.
- (C) Lanare Community Services District.

(4) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Crescent Canal Company.
- (B) Stinson Canal and Irrigation Company.

(5) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Riverdale Irrigation District.
- (B) Reed Ditch Company.

(6) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Liberty Mill Race Company.
- (B) Burrel Ditch Company.

(7) One member shall be a resident or landowner within the territory of the agency chosen by the members of the governing boards of the following entities:

- (A) Liberty Water District.
- (B) Liberty Canal Company.

(b) There shall be an alternate for each board member, chosen in the same manner and by the same entities as the board member. The alternate member shall act in place of the board member he or she is an alternate for in case of that board member's absence or inability to act.

(c) Initial members and their alternates shall be chosen on or before January 31, 2017.

SEC. 33. Section 34 of the Sacramento Area Flood Control Agency Act (Chapter 510 of the Statutes of 1990), as amended by Section 253 of Chapter 179 of the Statutes of 2008, is amended to read:

Attachment C

State Intervention Fee Structure

State Intervention – The State Backstop

Sustainable Groundwater Management Act (SGMA)

SGMA and State Intervention

SGMA requires the formation of local groundwater sustainability agencies (GSAs) in California's high- or medium-priority groundwater basins. GSAs are required to develop groundwater sustainability plans (plan) that make basins sustainable within 20 years of implementation. If locals are unable or unwilling to sustainably manage their basin or subbasin, the State Water Resources Control Board (State Water Board or Board) can step in to protect groundwater using a process called state intervention. State intervention is triggered by one of the following events:

Date	Event
July 1, 2017	Entire basin is not covered by GSA(s).
Feb. 1, 2020	Basin is in critical overdraft and there is either 1) no plan or 2) the Department of Water Resources (DWR) fails the plan.
Feb. 1, 2022	There is either 1) no plan or 2) long-term overdraft and DWR fails the plan.
Feb. 1, 2025	DWR fails plan and basin has significant surface water depletions.

For general SGMA information, visit: www.waterboards.ca.gov/water_issues/programs/gmp/sgma.shtml.

Levels of Intervention

Unmanaged Area

An unmanaged area is a part of a basin not within the management area of a GSA before July 1, 2017. Anyone that extracts groundwater from an unmanaged area must submit an extraction report to the State Water Board each year. The first extraction reports are due by Dec. 15, 2017, and must include well location and capacity, where the water was used, purpose of use, and monthly extraction volumes.

Probationary Basin

If local agencies fail to form a GSA, fail to develop an adequate sustainability plan, or fail to implement the plan successfully, the State Water Board may designate the entire basin probationary. Anyone who extracts groundwater from a probationary basin, including extractors under the management of a GSA, must file extraction reports with the Board unless the Board decides to exclude certain types of extractions. The Board may require the use of a meter to measure extractions and reporting of additional information.

Interim Plan

The State Water Board will allow local agencies time to fix the issues in the basin that led to probation. If local agencies are unable to fix those issues, the Board will develop an interim plan to directly manage groundwater extractions. An interim plan will contain corrective actions, a timeline to make the basin sustainable, and a monitoring plan to ensure corrective actions are working.

Extraction Reports

Well owners must ensure extraction reports are submitted to the State Water Board by Dec. 15 of each year for extractions made during the previous water year (Oct. 1 – Sep. 30). An extraction report is required for each well and must include monthly pumping data. Extractions must be measured by a method satisfactory to the Board. Extraction reports must be submitted online through the Board's website. For more information about extraction reports, visit www.waterboards.ca.gov/water_issues/programs/gmp/reporting.shtml.

Intervention Fees

Each extraction report must be accompanied by a fee to cover State Water Board intervention costs. The draft fees for state intervention are detailed below.

Fee Category*	Annual Fee	Applicable Parties
Base Filing Fee	\$300 per well	All extractors required to report.
Unmanaged Rate	\$25 per acre-foot	Extractors in unmanaged areas. If extractors use a meter to measure extractions the rate is \$10 per acre-foot.
Probationary Rate	\$40 per acre-foot	Extractors in probationary basins.
Interim Plan Rate	\$55 per acre-foot	Extractors in probationary basins where the Board determines an interim plan is required.
De minimis Fee	\$100 per well	A well owner that extracts two acre-feet or less per year for domestic purposes in a probationary basin, if the Board decides these extractions are significant.
Late Fee	25% of total fee per month	Extractors that do not file reports by the due date.

*Draft fees are subject to change. Additional information available at waterboards.ca.gov/gmp.

Meters and Groundwater Management

The State Water Board can require the installation of meters in a probationary basin. The need for meters will depend on local conditions and the level of intervention required in the basin. The State Water Board is likely to require meters in the development of an interim plan, in order to develop corrective actions and verify compliance with pumping restrictions. Extractors will be responsible for installing and maintaining meters and paying the related costs – although it is unlikely that the Board would require meters for de minimis users (see below).

De minimis Users

A well owner who extracts two acre-feet or less per year from a parcel for domestic purposes is a de minimis user. Domestic purposes do not include commercial activities. A well owner that extracts more than two acre-feet per year from a parcel is not a de minimis user. De minimis users in unmanaged areas are exempt from reporting. However, the State Water Board can require reporting by de minimis users in probationary basins if necessary to manage the basin.

Interim Plans and Groundwater Sustainability Plans

State intervention is intended to temporarily protect groundwater. An interim plan is not intended to permanently manage a basin and is not designed to replace a groundwater sustainability plan. To regain local control, local agencies will have to demonstrate their ability and willingness to manage groundwater sustainably and address the issues that caused state intervention.

For More Information

Additional information on SGMA and state intervention is available at the State Water Board website: www.waterboards.ca.gov/gmp or the DWR website: www.water.ca.gov/groundwater/sgm.
