

North Fork Kings
Groundwater Sustainability Agency

Notice to Riparian Rights-Holders

Submitting your annual Statement of Diversion and Use to the State Water Resources Control Board (State Board) for riparian pumping is crucial to ensure your surface water use is counted by the North Fork Kings GSA under future groundwater allocations.

Pursuant to Water Code Section 5100, et seq., persons or entities diverting riparian water must submit annually a Statement of Diversion and Use with the State Water Resources Control Board.

The reporting process aligns with the goals of the Sustainable Groundwater Management Act (SGMA) and will benefit you in the long term.

Further information regarding the State Board's reporting requirements can be found at:

https://www.waterboards.ca.gov/waterrights/water_issues/programs/diversion_use/

A copy of the initial form can be found here:
