

## 2024 RECHARGE PROJECT REGISTRATION FORM

This form is intended for landowners within the North Fork Kings GSA (NFKGSA) to register their recharge project for potential future groundwater extraction credit for intentional surface water recharge in 2024.

Participant Information	
Landowner/Water User Name:	
Mailing Address:	
Telephone Number:	
Email Address:	

Source of Water Supply	
Source of Recharge Water (check all that apply):	
<input type="checkbox"/> Kings River Entitlement	<input type="checkbox"/> Friant water
<input type="checkbox"/> Kings River floodwater	<input type="checkbox"/> Other (specify):
Identify Surface Water Provider:	
Conveyance System for Delivery:	Turnout Number(s):

Recharge Project Information	
General Location of Recharge Project:	
APN(s) of Recharge Project:	
Type of Recharge Project:	
<input type="checkbox"/> Percolation Pond/Basin	Size of Basin (acres): _____
<input type="checkbox"/> On-Farm Flood Over Irrigation	Irrigated Acres: _____ Crop(s): _____
<input type="checkbox"/> Other (specify):	
Recharge Start Date:	
Estimated Recharge Rate: _____ (acre-feet/day)	
Estimated Range of Groundwater Recharge to be Achieved: _____ to _____ Acre-Feet (documentation to support amount of groundwater recharge to be provided by surface water provider)	

I hereby affirm that the information submitted with this form is accurate and representative of site conditions and I agree that all groundwater credits are subject to the policies developed by the NFKGSA.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Printed Name: \_\_\_\_\_

Attach a map showing the location of recharge project and points of diversion from surface water source, as well as any additional supporting documentation.

Once completed, email this form to [jmendes@northforkkings.org](mailto:jmendes@northforkkings.org).

Note: Groundwater credit for landowner initiated recharge will be granted at the discretion of the NFKGSA according to recharge policies being developed. Credits may be used within the approved timeframe after establishment of future groundwater allocations by the NFKGSA. Landowners are solely responsible to ensure that surface water diversion and recharge are in compliance with federal, state and local laws, rules and regulations and by signature above, agree to indemnify and hold harmless the NFKGSA for any activity not in compliance with applicable law.
